

Sport, Exercise, and Performance Psychology, B.S.

Degree Offered

- Bachelor of Science

Nature of the Program

The undergraduate degree in sport, exercise, and performance psychology is the only major of its kind in the state of West Virginia and one of the few undergraduate programs in the nation that allows students to specialize in this knowledge area. Students explore the psychological and social factors influencing performance in sport and a range of additional performance domains, including business, military, and performing arts. Students also explore the psychological and social factors influencing exercise and physical activity behavior toward health and wellness. In spanning sport, exercise, and other performance contexts, students are prepared with knowledge and skills applicable to a range of careers and graduate programs in and around the sport industry.

Graduates of this program have pursued careers and advanced degrees in sport, exercise, and performance psychology, counseling, physical therapy, occupational therapy, public health, public administration, exercise science, business, law, and many other disciplines. Students opting to pursue an accelerated pathway can pursue a bachelor's in sport, exercise, and performance psychology and online master's in sport management in less time. Students wishing to pursue a career directly in the sport, exercise, and performance psychology field (e.g., as a Certified Mental Performance Consultant or licensed sport psychologist) are prepared to pursue the graduate degree or degrees required for those paths. Through a capstone experience, all students in the major apply their knowledge and skills in an experiential learning setting (e.g., internship or graduate school preparatory course in research) to prepare them for a career of their choice.

Admissions for 2026-2027

First time students who meet the University admission requirements are directly admitted into the SEPP program.

Students admitted from other majors within WVU must be in good academic standing (2.0 GPA).

Students transferring from another institution must be in good academic standing (2.0 GPA).

Major Code: 5546

General Education Foundations

Please use this link to view a list of courses that meet each GEF requirement. (<http://registrar.wvu.edu/gef/>)

NOTE: Some major requirements will fulfill specific GEF requirements. Please see the curriculum requirements listed below for details on which GEFs you will need to select.

| Code | Title | Hours |
|--|---|-------|
| General Education Foundations | | |
| F1 - Composition & Rhetoric | | 3-6 |
| ENGL 101 & ENGL 102 or ENGL 103 | Introduction to Composition and Rhetoric and Composition, Rhetoric, and Research Accelerated Academic Writing | |
| F2A/F2B - Science & Technology | | 4-6 |
| F3 - Math & Quantitative Reasoning | | 3-4 |
| F4 - Society & Connections | | 3 |
| F5 - Human Inquiry & the Past | | 3 |
| F6 - The Arts & Creativity | | 3 |
| F7 - Global Studies & Diversity | | 3 |
| F8 - Focus (may be satisfied by completion of a minor, double major, or dual degree) | | 9 |
| Total Hours | | 31-37 |

Please note that not all of the GEF courses are offered at all campuses. Students should consult with their advisor or academic department regarding the GEF course offerings available at their campus.

Accelerated Program

- B.S. Sport, Exercise, and Performance Psychology and M.S. Executive Sport Management (p. 4)

Accelerated B.S. Sport and Exercise Psychology/M.S. Executive Sport Management Program

Students in this accelerated bachelor's to masters (ABM) program have the opportunity to concurrently complete their undergraduate degree in Sport and Exercise Psychology and their master's degree in Sport Management via an accelerated pathway. Students may apply for admission to this ABM in the fall semester following completion of a minimum 60 credits and/or at least three semesters of full-time coursework. Only enrolled WVU Sport and Exercise Psychology majors may be considered for admission to the program. Transfer students must complete at least 24 credit hours as degree-seeking students at WVU before applying. The minimum standard for admission is a cumulative undergraduate GPA of 3.0, with no provisional admissions allowed. Regular admission will not be offered to students with less than two semesters to complete the bachelor's degree. Students may apply using a Qualtrics application form that requires a resume and personal statement. Applications are due by October 15th with program admission decisions communicated by the end of the fall semester. Applications will be reviewed by an established ABM admissions work group.

Students in this ABM program must maintain a minimum cumulative GPA of 3.0 throughout their enrollment in both the undergraduate and graduate programs. Students in this ABM will complete all 30 credits of master's degree courses, 12 credits of which will count toward elective credit at the undergraduate level. Grades from selected courses (i.e., 12 credits) will be counted toward the students' GPA at both the bachelor's and master's degree levels for the purposes of determining satisfactory performance. Unless given specific permission by the Dean's Office, students admitted to

this ABM program must maintain full-time continuous enrollment during fall and spring terms. Enrollment requirements in the summer term include the completion of 6 credits at the graduate level across consecutive years. Students' eligibility to remain in this ABM program will be evaluated at the end of each semester. Students failing to meet program or University standards will be placed on program probation for no more than one semester, after which they will be terminated from the ABM program. Terminated students as well as students who choose not to continue the ABM program will be eligible to receive their bachelor's degree after completing the traditional bachelor's degree requirements.

Accelerated Bachelors/Masters Degree Requirements

Students must fulfill all degree requirements for the B.S. in Sport, Exercise and Performance Psychology and the M.S. in Executive Sport Management. Students must also meet all the requirements of the ABM.

Major Learning Outcomes

SPORT, EXERCISE, AND PERFORMANCE PSYCHOLOGY

The goal of this program is to prepare students with essential knowledge and skills to successfully pursue graduate programs and careers within sport, exercise, and performance psychology and related industries of their choice.

- **Content Knowledge:** Students will integrate knowledge, skills, and dispositions and apply them to professional issues in sport, exercise, and performance psychology.
- **Reflection and Professional Readiness:** Students will reflect on their professional readiness and think critically about the continued refinement of the disciplinary knowledge, skills, and dispositions learned across the sport, exercise, and performance psychology curriculum.
- **Professionalism and Ethics:** Students will model professional and ethical behaviors that are consistent with the industry standards and the related recommendations for best practice learned across the sport, exercise, and performance psychology curriculum.
